

## Did you know you could have a serious liver condition and not know?

You should be tested if you can say yes to any of the following:

- I was born in New Zealand, am over 25 and of Maori, Pacific Island or Asian descent
- I'm an immigrant from Asia, the Middle East or the Pacific Islands
- My mother or a close family member has a liver condition such as hepatitis
- I've had unprotected sex
- I've received a tattoo using unsterile equipment.

Talk to your GP or phone 0800 33 20 10 for more information.

Don't wait until it's too late.
